CABINET CALLED TO CONSIDER ILLS

STRIKE SITUATION WILL PROBABLY BE STUDIED BY HEADS OF GOVERNMENT DEPARTMENTS

By the Associated Press
WASHINGTON, April 3.—President Wilson today called a meeting for tomorrow of the cabinet to discuss "the general situation."

White House officials would not say that the unauthorized railroad strike has prompted the call, but it was understood that this would be the principal subject discussed.

This is the first cabinet meeting called by the President since he returned from his western trip last September.

With freight traffic in the East seriously crippled, administration officials regard the strike situation as very serious. The President has been kept advised as to general conditions.

Attorney General Palmer was studying additional reports today from Department of Justice field agents, and was expected to make a complete report with recommendations to the executive.

Pittsburg Will Work

By the Associated Press
PITTSBURG, PENN., April 13.—Members of the brotherhood of railroad trainmen on the Pennsylvania Railroad, east and west of Pittsburg voted this morning against joining the strike of yardmen. An official announcement said the vote was "practically unanimous."

Embargo on Rock Island

By the Associated Press
OKLAHOMA CITY, April 13th.—Oklahoma City experienced virtually its first direct contact with the railroad situation when the Rock Island railroad this morning declared an embargo on all freight shipments here. That other railroads entering the city would declare similar embargoes appeared likely, according to company officials.

Members of the local switchmen's union are to meet tonight to take a strike vote.

To Probe Strike

By the Associated Press
WASHINGTON, April 13th.—The Pennsylvania and New York Central railroads were asked today by the Department of Justice to send the names of all their striking employees and to indicate which of them were leaders, in the walkout.

Pennsylvania and New York Central Department officials flatly refused to discuss the meaning of the message, or to indicate whether similar requests would go forward to the executives of other railroad corporations.

Back at Muskogee

By News' Special Service
MUSKOGEE, April 13.—Switchmen on the four railroads entering Muskogee, who struck Saturday, were all back at work Tuesday morning.

Robinson of Normal Has Real Experience In Judging Contest

It often happens that when a county superintendent wants some one to act as judge in a contest he comes to the Normal to get the judge. Such was the case last week with the county superintendent of Seminole county. Professor R. R. Robinson gladly went over from the Normal and he tells the News of his varied experience while in the Seminole capital.

Mr. Robinson left Ada at 4:45 Thursday afternoon and arrived at Wewoka about 7 o'clock. His work that night was to act as referee in a basketball game.

Friday morning Mr. Robinson was given charge of the basketball tournament which kept him constantly at work until 5 o'clock that afternoon. From then till 7 o'clock he was at perfect leisure. At this hour he went to the church building where the literary contest was held. He was sole judge in the literary events and this kept him until 11:30 Friday night. Then he had nothing to do but sleep until morning.

Saturday was another strenuous day for the professor for at 9 a. m. he was called upon to conduct the track events for the rural schools, which task was completed at 12:30. Then he performed the same service for the high schools of the county which kept him until 5 o'clock that afternoon.

At 7 o'clock he went back to judge the finals in the high school literary events which kept him until 9:20 at night. He then caught a jitney for Holdenville and arrived at Ada at 12:30 Saturday night.

The professor looks none the worse after his experience and says he had a wonderful time and will be only too glad to go again if his services are needed.

WOOD - LOWDEN UP IN ILLINOIS

VOTERS OF SUCKER STATE GO TO THE POLLS TODAY IN PRESIDENTIAL PRIMARY

By the Associated Press

CHICAGO, April 13.—Voters cast their ballots today in the first state Presidential preference primary with Governor Frank Lowden and Major General Leonard Wood the only candidates entered for the Republican endorsement. The Democratic field was uncontested. The Illinois Democratic delegation will go to the San Francisco convention uninstructed.

Voters were privileged to write on their ballots the names of other Presidential candidates and supporters of Senator Hiram Johnson of California, waged campaigns in some districts in opposition to Governor Lowden and General Wood for the Presidential preference.

Women voted in all but about a half dozen counties where their votes might be thrown out later if their vote was found to be illegal. Women's ballots will be counted separately.

Wood's supporters looked to Chicago for their main strength, with prediction of an even break on the down-state vote, while Lowden's campaign manager declared the Governor would carry Chicago and Cook county and pile up substantial majorities in the other 101 counties.

Polls opened at 6 a. m. and will close at 5 p. m.

BIRMINGHAM NOW WEARING OVERALLS

BIRMINGHAM, Ala., April 13.—With three thousand members enrolled and permanent officers elected, the Birmingham Overall Club, pioneer organization of its kind in the United States, today was making final plans for a mass protest against the high cost of clothing. Friday, April 16, was officially set at the date for "donning the denim" at the first meeting of the club in the City court house last night. Members pledged themselves to put on overalls that day and continue to wear them until the prices of clothing takes a decided drop.

Alvin M. Douglas, former city judge of Birmingham, was elected president. Members of the club will do business only with men who wear overalls. Committees were appointed to arrange for the purchase of overalls at \$3.00 a suit and members were cautioned not to buy from firms charging more.

Letters and telegrams from nearly every state, supporting the movement and asking information as to the formation of clubs, were read at the meeting.

Kaiserin Is Dying

By the Associated Press
BERLIN, April 12.—The Deutsches Tages Zeitung today says it has learned from a reliable source that the condition of former Empress Augusta Victoria has become so grave that the announcement of her death may be expected any moment.

MICKIE SAYS

WE'LL STOP TALKIN' ABOUT COLLECTING SUBSCRIPTION MONEY JUST AS SOON AS THEY START GIVING AWAY PAPER N INK FREE FER NUTHIN'!

AN' TH' WAY PAPER'S GOIN' UP, THAT'LL BE ABOUT TH' YEAR AFTER JOHN O. ROCKEFELLER GETS ELECTED PRESIDENT ON TH' BULLSHEVIK TICKET!

WEATHER FORECAST

Fair tonight and warmer. Wednesday probably cloudy; warmer in the east portion.

THE PRAIRIE FIRE

GENERAL WOOD WILL RETURN TO DUTIES

By the Associated Press
BOSTON, April 13.—Major General Leonard Wood today canceled the leave of absence which he obtained to make a campaign for the Republican nomination for President. He said he would leave later in the day for Chicago to resume his duties as commanding general of the central department of the army. He stated his action was due to railroad strike conditions.

Odd Fellows Meeting And Encampment In Ada April 26 and 27

Elaborate preparations are being made to take care of a large delegation when the Odd Fellows meet here on the 26 and 27 of this month.

The meeting will be the Wilsey Anniversary and Ada Encampment No. 17. The meeting is held under the auspices of the Pontotoc County I. O. O. F. Association. The Wilsey Anniversary will be on the 27th and the encampment will come the night before. The open sessions will likely be held at the city hall auditorium, and the secret work will be in the Odd Fellows hall.

C. E. Cuning, one of the committee in charge of the meeting says they expect this to be the best meeting ever held by the Odd Fellows in Pontotoc county. A class of some 60 new members is to be initiated and a great time is promised. Speakers will be here of national reputation and Odd Fellows from many counties will attend.

PRODUCTION GOES ON IN DISPUTED STRIP

By the Associated Press

AUSTIN, Texas, April 13.—Production of oil from wells in the disputed Texas-Oklahoma territory is to be continued while the property is in control of Texas receivers, pending the taking over of the wells by a Federal receiver, according to assistant attorney general, W. A. Keeling, who has so advised the Texas receivers, and the Oklahoma attorney general. Oil experts have advised Judge Keeling that it would be disastrous to shut down the wells hence the Texas receivers will continue production preserving the proceeds to turn over to the Federal receiver.

LAST MINUTE NEWS

300 Prussians Killed
By the Associated Press
PARIS, April 13.—300 persons were killed in the explosion of the munitions dump at Rotenstein, East Prussia, on Sunday, according to a dispatch received here.

St. Louis Has Big Growth
By the Associated Press
WASHINGTON, April 13.—The census bureau today announced the 1920 population of St. Louis, Missouri as 773,000. This is an increase of 85,971, or 12.5 percent.

Vinita Gets Recount
By the Associated Press
WASHINGTON, April 13.—Included in census figures given out today was a revised estimate of the population of Vinita, Oklahoma, giving it 5010, an increase of 923, or 22.7 percent.

Embargo On in Washington
By the Associated Press
WASHINGTON, April 13.—Embargo against all incoming and outgoing freight was placed today by the railroads entering Washington. The only freight received during the last 24 hours was two carloads of fresh meat.

The Pennsylvania Hard Hit
By the Associated Press
PHILADELPHIA, April 13.—The Pennsylvania railroad announced today that 13,098 employees of all classes out of a total of 275,000 are on strike. In the eastern region 6425 were out, in the central region 4551, in the southwestern region 899 and in the northwestern 1223.

Volunteers to Man Trains.
By the Associated Press
NEW YORK, April 13.—Unless the situation in the New York district, caused by the unauthorized strike, is materially improved within 48 hours, trains may be manned by experienced volunteers, according to an announcement today by J. J. Mantell, spokesman for the general managers association, after a meeting of that organization.

Poles Score A Victory
WARSAW, Poland, April 13.—A pronounced victory for the Poles over the Bolsheviks on the southern front, was reported by the general staff today. After several days fighting an entire Bolshevik division was put to flight and more than a score of machine guns, with much booty, were captured by the Poles.

Marriage Licenses.
L. H. Chadwick, 34, Roff and Leola Nelson, 32, Roff.
Monroe Jones, 21, Stratford and Mary Lou McGuyre, 18, Stratford.

BONUS BILL PASSED IN NEW JERSEY

By the Associated Press
TRENTON, New Jersey, April 13.—Governor Edwards had before him today the House Soldier's Bonus Bill, passed by the State Senate last night, allowing \$10.00 a month for each month a New Jersey man served in the war with Germany. A maximum of \$100.00 is fixed. A bond issue of \$12,000,000.00 for paying the bonus will be referred to the people to vote upon.

This Farmer Wants A Chance to Make a Crop on Share Basis

While the following letter to the News is in reality advertising, we print it for the reason that by so doing we might be of service both to the man who wants to make a share crop and to some man who has a farm and no one to work it:

I notice in the Daily Oklahoman of farms in your vicinity about to be left idle on account of the scarcity of men or laborers. Now there is two of us that wants to crop, my neighbor has a force of his own and wants to rent 50 or 75 acres owing to the land. While I am alone and want a share crop 50 or 75 acres owing to the land. Now any information or an early reply will be appreciated by us, it is getting late in the season.
Respectfully,
W. D. SMITH,
Trousdale, Okla.

UNKNOWN MAN ROBS PONCA CITY DEPOT

By News' Special Service

PONCA CITY, April 13.—Speaking mildly with a soft Southern drawl, an unknown man ordered J. A. Shelp, night Santa Fe agent here, to throw up his hands and follow him across the tracks from the station. Shelp was locked behind in a small building, whereupon the unknown man returned to the station, blew the safe and went quietly away with \$1,500 of the railroad's money. Ten men were sleeping within the waiting room while the robbery was in progress and were not awakened until the explosion occurred. All of the men were held as suspects.

RAILROAD LABOR BOARD APPOINTED

PRESIDENT NAMES MEN WHO WILL UNDERTAKE TO BRING ORDER OUT OF RAILROAD CHAOS

By the Associated Press

WASHINGTON, April 13.—The railroad labor board was appointed today by President Wilson. The members are as follows: Representing the public: Geo. W. Hanger, Washington, Henry Hunt, Cincinnati, R. M. Barton, Tennessee.

Representing the railroads: Horace Baker, J. H. Elliott and Wm. L. Park.

Representing the employees: Albert Phillips, A. O. Wharton and James J. Forrester.

The board will be authorized to meet in Washington at once to take up the grievances of the railroad employees now on strike. The nominations went to the Senate at noon today and prompt action by that body is expected.

Under the transportation act the railroad labor board is the court of last resort in disputes between the roads and their employees. Its first work after considering the present strike, will be to take up the whole railroad wage question, which has been pending for nearly a year.

The board is to establish permanent headquarters in Chicago and its members will devote all their time to the work. They will receive salaries of \$10,000.00 a year each.

RULING PROTECTS STILLS IN HOMES

By News' Special Service

TULSA, April 13.—Dismissing the charge of illicit distilling against M. M. Travis as contrary to a recent ruling of Justice Holmes of the supreme court of the United States, C. L. Yancey, United States commissioner, yesterday held that federal officers have no right to search a private residence without a search warrant, and that since the government witnesses in this case admitted the still was seized at the Travis home in February without aid of a search warrant, objection to the testimony of the officers was sustained.

Travis was in possession of a still in the basement of his home when T. A. Hubbard, Indian enforcement officer, W. N. Ellis, local deputy United States marshal, entered the basement of the residence. Charges of illicit distilling were filed against Travis.

Kansas Miners Quit

By the Associated Press
PITTSBURG, Kansas, April 13.—Almost complete paralysis of the Kansas coal industry is reported today. An announcement at the headquarters of the coal operators said that only four steam shovels were working in the state. No deep mines were in operation.

Relief Is Promised In Local Schedule Of M. K. & T. Road

An industrious effort is now being made to change the rule established by the Katy yesterday which gives the Southbound Katy passenger train reaching Ada at 11:20 A. M. only six minutes to collect express for points South. Yesterday afternoon, Secretary Walker of the Chamber of Commerce sent the following telegram to C. E. Schaff, Receiver of the M. K. & T. at St. Louis:

"Six minutes seems inadequate for Ada stop. If you can give any relief, wire me at once in order that we may know how to proceed. Two trucks of perishable express left on platform when your train left here for Atoka at 11:20 this A. M."

"O. N. Walker, Secretary Chamber of Commerce"

The following reply to the above telegram was received by Mr. Walker:

"Your wire date. Have instructed Superintendent Little, Oklahoma City to get in touch with you and afford such relief as is practicable."

"C. N. Whitehead,

"Assistant to Receiver."

The local situation is aggravated by the fact that the evening Katy South does not take on express at Ada, thereby requiring the morning train to carry out all the express to points south. This leaves such a quantity of express at the station that it is absolutely impossible for the express company to handle the business in six minutes time.

NO BREAK IN BUILDING PLANS

\$300,000 WORTH OF NEW RESIDENCE AND BUSINESS BUILDINGS UNDER CONSTRUCTION. MORE FOLLOW.

Neither strikes nor boycotts nor lockouts nor uprisings nor revolutions nor counter revolutions nor wars nor rumors of wars nor high priced labor nor scarcity of material has interfered noticeably with the tremendous activity in the building operations in the city of Ada.

The building boom was started at the close of the world war and with each passing day it grows in volume. At the present time, according to contractors, there are no less than 40 new residences going up, costing on an average more than \$3,000 each. In the business section 25 new buildings have just been completed and no less than 25 others are under course of construction.

Among the new buildings now going up is the new theatre at the corner of West Main and Townsend. This building is three stories high and when completed will be one of the finest theater buildings in Oklahoma. The stage is to be 18x24 feet. The first floor will have ticket office and fount in front and in the rear an auditorium with a seating capacity of 600.

There will be a balcony and sub-balcony with another seating capacity of 600 and with perfect vision line from all parts of the auditorium. There will be offices on the second floor of the building. It will be completed by June 10.

Another substantial brick building is that of Drummond & Alderson on South Broadway between Main and Twelfth. This building will cost in the neighborhood of \$15,000. It is on the lot just north of the old Commercial Hotel building and improves the appearance of all the property in that neighborhood. Just across Twelfth street from this on the southeast corner a new oil filling station has been erected costing \$6,000. Property in general in that section is enhanced in value because of these buildings and attention is centered that way. That part of town is likely to soon become a grocery store section, there being four groceries in the neighborhood at the present time.

On North Broadway just north of the Wilson lumber yard Mr. P. A. Norris has put up a brick building 25x100 feet, costing several thousand dollars. This will likely be used as an automobile storage house. Another lot on North Broadway recently improved is at the southeast corner of 10th street. Here another oil station has been put up by Mr. C. H. McKellar of Chickasha.

On West Main between Townsend and Cherry the dozen new business houses built by R. W. Simpson, P. A. Norris, and others have all been completed and are occupied with new businesses of different kinds. These buildings have become conspicuous as a tailor shop row, there being four of these businesses down there.

On East Main just east of the telephone building work is progressing on a number of new business buildings. Among them are two 25x100 feet brick buildings belonging to Dr. Granger. These are expected to cost in the neighborhood of \$10,000 and they will be ready for occupancy in another 30 days unless something unforeseen prevents.

East of these building J. W. Shelton estate is erecting three brick business houses. These will be 25x130 feet and the outlay is expected to run above \$20,000. Judge J. W. Bolen, Dr. Meredith and W. J. Hughes each own a lot in that same block which are being graded for building. They will build houses 25x130 feet at a cost of more than \$5,000 each. This will make another solid block of business houses on East Main and will leave less than one block of unused lots between the Katy and Frisco stations.

Of residences the most important announcement comes from the Dan Hays addition on the east side of Main just in front of the Normal a hollow brick bungalow is going up. This house is built for Dan Hays by S. L. Van Curen, contractor. The contract calls for two buildings at a cost of \$8,100 each.

They are the first part of a court to be built on that block which will consist of eight brick bungalows four on East Main and four on East Twelfth. Between the buildings there will be a flower garden and park which will probably make this the most exclusive residence section of the city. The buildings and park making up this court will cost more than \$100,000.

Another contract for a nice residence was let yesterday by B. Scheinburg to Mr. S. L. Van Curen. It calls for a brick bungalow at 15th and Townsend, the contract price being \$16,000. The substantial residence and business buildings going up in all parts of the city show that Ada is no temporary (Continued on Page Eight.)

BELGIAN TROOPS ON RHINE READY FOR THE WORST; GERMAN FAMILIES FLEE FROM RUHR

Belgian outpost guarding Rhine Bridgehead on edge of the Ruhr district, and (below) Belgian soldiers stopping German family fleeing from Ruhr District into Belgium.

The above pictures help to visualize the seriousness of the situation in the Ruhr district in Germany. While Belgian troops are not moving with the French into the "non-military" zone they are prepared for any eventuality. When the Communists gained control of the Ruhr district hundreds of German families fled. Some of them went into Belgium. One of them is shown above.

STATE ROAD FUNDS EXCEED FEDERAL AID

OKLAHOMA CITY, April 13.—Oklahoma counties already have provided more than \$1,000,000 for road construction in excess of existing federal aid funds to match the county appropriations, and within a few months bond elections already in sight will make an additional \$1,500,000 on hand, Henry Wood, state commissioner of highways, declared Saturday.

Wood has written each of the state's representatives in congress asking that additional federal aid funds be appropriated in order that the awakened interest of the state may not be unavailing. Interest in other states is equally as great, Wood says.

Of the federal aid fund allotted to Oklahoma, Wood said Saturday, only \$2,696,016.71 remains unassigned.

ed to approve county road projects. The levies and bond issues already provided for by Oklahoma, Bryan, Creek, Choctaw, Lowe and Okmulgee counties, with the expectation that the amount will be matched by federal aid funds, reach an aggregate of \$3,987,000. Other counties have made additional and smaller appropriations, he said, and large bond issues are pending in Garvin, Comanche, Caddo, Pottawatomie, Pittsburg, Osage and other counties. The only means of satisfying the need he declared, is by immediate additional appropriation by congress.

Judge and Lawyers Turn Wedding Party In Coalgate Court

By News' Special Service
COALGATE, Okla., Apr. 11.—The case of the State of Oklahoma versus Lawrence Anderson charging him with seduction under promise of marriage was the source of many thrills last Friday. The defendant

in company with his Attorney, Hon. R. C. Roland of Ada, while enroute to the district court room called at the county attorney's office to see Mr. Holland, and while they were passing the greetings of the day, pretty Mary Lee Hobbs, her little baby, Billie, and her mother came in to see the county attorney. Miss Hobbs was the chief witness for the prosecution. When Mary Lee and Lawrence met, tears came to their eyes and they rushed into each others arms while their baby, little Billie, Mrs. Hobbs, Judge Roland and County Attorney Holland gazed at the scene in wonderful astonishment. The county attorney and Judge Roland retired and after a brief consultation agreed that this was a case where the services of a minister of the gospel were needed and not those of a presiding judge and upon their returning both Lawrence and Mary expressed a desire to be married immediately, whereupon marriage license was procured and the defendant, prosecuting witness, defendant's attorney and the county attorney were trans-

formed into a wedding party and took up the wedding march to the district court room, where Judge J. H. Linebaugh was busily engaged trying another case. The bride and groom appeared before the judge's altar attended by Judge Roland and Mrs. Hobbs, while the county attorney, with little Billie in his arms, stood close by in the attorney bar with Judge Trice, J. G. Ralls and other attorneys interested in the case on trial. Judge Linebaugh, (who by the way is a minister of the gospel) halted the trial of the case and in a beautiful ceremony pronounced Lawrence Anderson and Mary Lee Hobbs husband and wife. In the short recess Lawrence and Mary received the congratulations of those present, after which they, together with Mrs. Hobbs and little Billie left the court room a very happy family. A reporter for the Record-Register was present and witnessed the ceremony and it was admitted by all that little Billie, with his beautiful brown eyes, was a perfect baby worthy of any blue ribbon.

Needless to state that on motion of County Attorney Holland, the prosecution against Mr. Anderson was dismissed.

For Sale at Auction.
We will sell to the highest and best bidder on Friday, April 23, between the hours of 1 and 3 o'clock one large frame school building in the town of Oakman, Pontotoc county, Oklahoma.—H. Clay Stephens, Member of Board.

Mrs. Winget Gives Rules That Should Apply In Contests

Mrs. E. S. Winget has written to the News submitting rules that she thinks should apply in contests such as the one held at the Normal last Friday night. Mrs. Winget says she has been asked by a number of people to submit these rules some of them being dissatisfied with the decision in the piano contest. The rules follow.

- Regulations for Contests**
- 1.—Three judges—two competent persons of the community and one to be from another town.
 - 2.—The two judges from the community must be uninterested persons and not have a contestant in the contest.
 - 3.—Judges should not sit together but in different part of auditorium.
 - 4.—After contest is over the judges should compare papers and agree on the winners.
 - 5.—One Judge should tell the audience the winners and award the medals.
 - 6.—All contestants should appear on stage.
 - 7.—Piano should always be on stage and have a stool so to regulate seat for convenience of the players.
 - 8.—In piano, voice—every judge should have a copy of the piece and song.

Grow Your Hair GET THIS FREE

If you have dandruff, or if your hair is falling out, or if you have a bald spot, you should know that legions of persons have overcome these troubles through a genuine Indian recipe, which will be mailed you free with a proof box of the wonderfully efficacious ointment, Kotalko, if you send only 10 cts. (silver stamps) to pay the cost of this notice, to J. H. Brittain, 82-301, Station F, New York.

The News Bible Lesson

Exodus 7:14-21

And the Lord said unto Moses, Pharaoh's heart is hardened, he refuseth to let the people go.

Get thee unto Pharaoh in the morning; lo, he goeth out unto the water; and thou shalt stand by the river's brink against he come; and the rod which was turned to a serpent shalt thou take in thine hand.

And thou shalt say unto him, The Lord God of the Hebrews hath sent me unto thee, saying, Let my people go, that they may serve me in the wilderness: and behold, hitherto thou wouldst not hear.

Thus saith the Lord, In this thou shalt know that I am the Lord: behold I will smite wit the hod that is in mine hand upon the waters which are in the river, and they shall be turned to blood.

And the fish that is in the river shall die, and the river shall stink; and the Egyptians shall loathe to drink of the water of the river.

And the Lord spake unto Moses, Say unto Aaron, Take thy rod and stretch out thine hand upon the waters of Egypt, upon the streams, upon their ponds, and upon all their pools of water, that they may become blood; and that there may be blood throughout all the land of Egypt, both in vessels of wood, and in vessels of stone.

And Moses and Aaron did so, as the Lord commanded; and he lifted up the rod, and smote the waters that were in the river, in the sight of Pharaoh, and in the sight of his servants; and all the waters that were in the river were turned to blood.

And the fish that was in the river died; and the river stank, and the Egyptians could not drink of the water of the river; and there was blood throughout all the land of Egypt.

Shawnee News: Someone has suggested that because Hoover lead Edwards in the Michigan democratic primary that it is evidence that there are more people there who want plenty to eat than those who want more drinks.

If You Need a Medicine You Should Have the Best

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfill the promises of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like an endless chain system the remedy is recommended by those who have been benefited, to those who are in need of it.

A prominent druggist says "Take for example Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows excellent results, as many of my customers testify. No other kidney remedy has so large a sale."

According to sworn statements and verified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp-Root is due to the fact, so many people claim, that it fulfills almost every wish in overcoming kidney, liver and bladder ailments, corrects urinary troubles and neutralizes the uric acid which causes rheumatism. You may receive a sample bottle of Swamp-Root by Parcel Post. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents; also mention the Ada News. Large and medium size bottles for sale at all drug stores. adv.

All Is Handy For Republicans At The Chicago Convention

By the Associated Press
CHICAGO, April 13.—Delegates at the republican national convention, opening here June 8, will be able to confer with representatives of other states without leaving their seats.

To eliminate a large part of the confusion incident to conferences between delegates on the floor, C. R. Hall, superintendent of the Coliseum, has arranged for the installation of telephones connecting all state, district and territorial delegations.

It is said that this will be the

first time that such a system has been installed at any national convention.

There will be 53 telephones in service, reaching the 48 state groups and the representatives of the District of Columbia, Alaska, Hawaii, the Philippines and Porto Rico.

The convention architects have completed plans for the Coliseum, including an extra balcony that adds approximately 1,100 to the seating capacity. Work on the balcony and the convention offices in the Coliseum annex will start May 3. The Chicago convention committee is spending \$47,000 on changes to the building to accommodate the delegates and more than 10,000 spectators.

PROMINENT INDIANA FARMER CURED OF RHEUMATISM BY TAKING NUMBER 40 FOR THE BLOOD

Newburgh, Indiana, April 17, 1919. "I suffered with rheumatism for several years and tried numerous remedies with little or no benefit. Number 40 for The Blood was recommended to me and I have used in all six bottles and am entirely cured, and have had no symptoms of the disease for over two years." Frank Stacer, Number 40 encourages rapid elimination of morbid and unhealthy products used in the treatment of chronic enlargement of glands, in blood troubles, chronic enlargement of the spleen and liver. Encourages the flow of bile and corrects catarrhal conditions. Used with advantage in eczema and skin eruptions of whatever character and in general run down conditions of the system. Made by J. C. Mendenhall, Evansville, Ind., 40 years a druggist. Sold by Gwin & Mays Drug Co. adv.

UNITED STATES GOLFERS PRAISE ST. ANDREWS-BY-THE-SEA

THE ALGONQUIN, ST. ANDREWS

This quartette of sterling golfers toured eastern Canada for the Canadian Red Cross last June and were so pleased with the experience that they are desirous of repeating the trip and investigating the quality of Canadian golf in Winnipeg, Calgary, Banff, Vancouver, Victoria and other western cities of the Dominion. They were four of America's best, "Chick" Evans, former amateur and open champion, Oswald Kirkby, Metropolitan golf champion; D. E. Sawyer, former western amateur champion, and Gardiner White of Nassau.

The photograph shows them addressing the ball at St. Andrews-by-the-Sea in New Brunswick, Canada, on the shores of Passamaquoddy Bay, so near the United States that the shores of Maine are visible from the links. The four were particularly impressed with the quality of St. Andrews' golf and the beauty of its surroundings.

"Taking everything into consideration, hotel, country and the course itself, I cannot think of any finer spot than St. Andrews," said Oswald Kirkby. His team-mate, Gardiner White, declared that he in-

tended to take his family to St. Andrews to see and enjoy its many attractions. "St. Andrews is a fine test of the game and is golf de luxe," said "Chick" Evans.

"Golf on the picturesque links of St. Andrews completed one of the most interesting and delightful golf trips that could possibly be arranged," said D. E. Sawyer.

When St. Andrews-by-the-Sea in Canada was named in honor of St. Andrews, Scotland, the birthplace

and original home of golf, no effort or expense was spared to make it worthy of its title. Like its Scotch namesake, Canada's St. Andrews is a beautiful seaside links and a splendid test of the royal and ancient game.

Every year large numbers of Americans play at St. Andrews-by-the-Sea and many of them like the New Brunswick course as well as they do the links of the Royal and Ancient Golf Club in Scotland.

CONGRESSMEN TO TAKE BIG JOY RIDE

JUNKET TO THE ORIENT BY HUNDREDS OF MORE MEMBERS WILL COST TAXPAYERS MUCH MONEY

By Associated Press. WASHINGTON, April 13.—Some hundred or more members of Congress are preparing for one grand prolonged "joy ride" to the Orient. It will be the most extended "junket" of the many made by members of the present Congress.

This trip will be termed "unofficial" because the Government will not pay quite all the bills. The trip is to be made aboard a Government transport, and each member of the party will be required to pay \$1.25 per day for "subsistence." Of course, in these h. c. l. days that will be but a small part of the cost, so the taxpayers will pay the rest.

The trip will be made on the transport Mount Vernon. Starting from San Francisco early in June, the Congressional excursionists, many of them taking their families and secretaries, will visit Hawaii, the Philippines, China and Japan, and will be absent about sixty days. Thus does American fondness for travel assert itself. There have already been many "investigating tours" by the present Congress, but this will be the most delightful of all and will be made at the most opportune time, when the season in Washington will be hot, but when it will be most delightful

on the decks of a Government transport riding the waves of the Pacific.

Criticism of expenses such as this being saddled on the Government is being made, but apparently the majority leaders in Congress are making no effort to prevent the plan being carried out. It is being pointed out by some of the Republicans that it is rather difficult to insist that the Republicans in Congress are economizing when at the same time they are preparing to take a fine vacation at the expense of the Government on the pretense that they must study the "fast looming problems of the Pacific."

But since the Republicans came into control in Congress there has been one junketing trip after another. One Committee went to France at Government expense. Excursions were taken to the Pacific coast just about the time the weather got warm. The reason given was that the excursionists "were investigating." Almost every State was visited. Members traveled in special cars and enjoyed all the luxuries.

Now it is proposed that there shall be more investigating. The Republicans propose to have committees visit all the Indian reservations for the purpose of "investigating." It is proposed that other members shall go to Alaska for the same purpose. It is insisted that others shall go to France and to the Philippines and to Hawaii for the purpose of "investigating." One party has been to the Virgin Islands and another to the Panama Canal.

This explains in part why so little has been done in Washington and why Congress has shown a record of absolutely no constructive legislation.

Representative Fordney, Chairman of the House Ways and Means Committee, and one of the old-line Republicans, insists that Representative Mondell, Republican floor leader, is not so enthusiastic about

The Christian Church Services Sunday for Newmade Christians

There was one confession at the close of the Sunday school hour Sunday and one at the close of the morning church hour. These were Richard Couch and Winifred Grace Dunn. There were three baptized in the evening, the two named above and Edna Gray. Five have recently come in by letter and statement, making a total of twenty seven since the beginning of the campaign of personal soul-winning on February 22nd. The complete list is as follows:

By letter and statement: Mrs. W. P. Casey, Lohoma Casey, Jerda Casey, Juanita Casey, Mrs. E. A. Garlin.

By Baptism: Nada Casey, Katherine Nesbit, Callista Timberlake, Geraldine Lee, Jessie Lee Woods, Laverne Warren, Marjorie Lee, Mable Pinkering, Linnie Pinkering, Joe Frank Bledsoe, Carl Brownell, Edwin Drummond, Stanley Dean, Dublie Dean, Frank Dixon, Paula Waits, Homer Wadlington.

To be baptized: Mrs. James Colman, Edna Gray, Mildred Seales, Richard Couch, Winifred Grace Dunn.

Nearly all of these were at the church service yesterday morning and a special service was held for their benefit. They were given a special place in the front seats, and the minister preached a sermon intended particularly for them. His theme was, "The House of the Lord." Four steps lead up to the

door—faith, repentance, confession, baptism. Christ is the door through which we enter the house of the Lord, the kingdom of God. On entering the first scene that meets our gaze is God himself. The new Christian has a new vision of God, and God has become his Heavenly Father, and this means love. In the center of this great room there lies on a table a Book, just one book, an open Book. It is the Bible. It gives instructions as to how to conduct oneself in the house. From this Book radiates a light that fills the whole house. We receive all our spiritual light from the Bible. There is another table on which is spread the Lord's supper, which is to be partaken of each first day of the week. This means that the place for a Christian on the Lord's Day is at Church. Seven rooms surround the main room. They are virtue (courage), knowledge, temperance, patience, Godliness, brotherly kindness, love (2 Pet. 1:5). There is a basement to this building and many people go down into it. These are they who neglect reading the Book, do not pray, fail to observe the Lord's supper—in a word, do not live close to God. It is dark and cold, and better never to go down in the basement. But there is a floor above the main floor, to which we may ascend by a stairway. When we have reached this second floor we see still another and so as we go up there is always a floor above. There is always something yet to be obtained in Christian life. Up these stairs a procession of Christians has been going these nineteen hundred years. You are now starting at the bottom. When you are old you will have nearly reached the top where but a thin wall will separate you from heaven. At death you will pass through that veil. There is one picture in this great House of the Lord to which I call your attention. It is a picture of a very kindly face, and on the head is a crown of thorns. The eyes, always looking at you, gleam with love for you. You know whose picture it is. It is Jesus. And as he always keeps his eyes on you, may you always keep your eyes on him.

In the evening the minister preached the thirteenth sermon on the Book of Revelation, using as his theme, "The Two Resurrections." The first resurrection will immediately precede the millennium, and will probably involve all genuine Christians up to that time. The Scripture says, "And I saw thrones and they sat upon them, and judgment was given unto them; and I saw the souls of them that had been beheaded for the testimony of Jesus, and for the word of God, and such as worshipped not the beast, neither his image, and received not the mark upon their forehead and upon their hand; and they lived and reigned with Christ a thousand years. The rest of the dead lived not until the thousand years should be finished. This is the first resurrection. Blessed and holy is he that hath part in the first resurrection; over these the second death hath no power; but they shall be priests of God and of Christ and shall reign with him a thousand years" (Rev. 20:14-6.). The second resurrection will come at the end of the world, and will involve both the righteous and the wicked. It also will be a resurrection of the spirit, not of the body. The body will not be called out of the grave, but the spirit out of hades. This resurrection will usher in the final judgment, when the separation of the wheat and the chaff will be made, and the righteous and the wicked will be assigned to their everlasting state, from which there will be no recall.

Quit Laxatives, Purges; Try NR

NR Tonight—Tomorrow Feel Right

It is a mistake to continually dose yourself with so-called laxative pills, calomel, oil, purges and cathartics and force bowel action. It weakens the bowels and liver and makes constant dosing necessary.

Why don't you begin right today to overcome your constipation and get your system in such shape that daily purging will be unnecessary? You can do so if you get 25c box of Nature's Remedy (NR Tablets) and take one each night for a week or so. NR Tablets are much more than merely cause pleasant easy bowel action. This medicine acts upon the digestive as well as eliminative organs and promotes good digestion, causes the body to get the nourishment from all the food you eat, gives you a good, hearty appetite, strengthens the liver, overcomes biliousness, regulates kidney and bowel action and gives the whole body a thorough cleaning out. This accomplished you will not have to take medicine every day. An occasional NR tablet will keep your body in condition and you can always feel your best.

Try Nature's Remedy (NR Tablets) and prove this. It is the best bowel medicine that you can use and costs only 25c per box, containing enough to last twenty-five days. Nature's Remedy (NR Tablets) is sold, guaranteed and recommended by your druggist.

Quit Laxatives, Purges; Try NR

Illinois Republicans To Decide Between Wood and Lowden

By the Associated Press

CHICAGO, April 13.—Tose republicans of the state of Illinois who exercise a voter's prerogative at the presidential primary tomorrow will decide before nightfall whether their choice for nominee of the republican party in the November election.

This will be the only contest of the primary that will be decided by a vote of the entire state. In seven of the 25 congressional districts, however, the contest for district delegates to the Chicago convention promises to be hard fought. In these seven districts, candidates for delegates who have indicated their intention of supporting Governor Lowden, are opposed by delegates who are recorded as having no preference, while in one district, the first, no avowed Lowden delegate is on the list. In the other seventeen districts, however, none but Lowden men appear on the ballot.

Contesting candidates for election as delegates are found in the second, third and fourth districts, all of which are located in the city of Chicago, and the tenth, fifteenth, sixteenth and twenty-second districts, located outside of Chicago.

There are no candidates entered for presidential endorsement honors on the democratic side, Gov. Edward I. Edwards of New Jersey having withdrawn his name after it had been properly presented.

The vote is expected to be larger than would ordinarily be the case in as much as the attorney general of the state has ruled that women will be permitted to vote in this primary.

The ballots upon which the wo-

STOMACH ULCER GONE SUFFERED 16 YEARS

Says his stomach is perfect now, and his weight has increased.

"I had ulcers of the stomach so bad that I was sent to the hospital. Treatment there finally got me on my feet, but in a few days I was down again. You said you wouldn't guarantee Milks Emulsion to cure a bad case of ulcers of the stomach, but I tried it anyway. If it does the work for others as it did for me, you ought not to be backward about any case of stomach ulcers. I have now taken twelve bottles and my stomach is in perfect condition. I feel better and weigh more than I have for 16 years, and I have had stomach trouble all of that time."—L. S. Walker, Greenleaf, Kan.

Thousands of people who have suffered agony from chronic stomach trouble in its worst forms, have been promptly relieved and soon restored to perfect health by Milks Emulsion. A trial will show, and a trial costs nothing.

Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to those whose sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children. No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milk Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

Guaranteed By GWIN & MAYS DRUG COMPANY

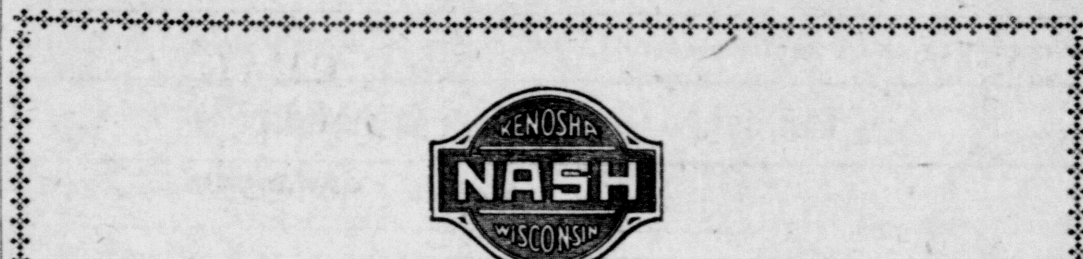

men will mark their votes will be separate from the regular ballots. This is being done in order to make it a simple matter to throw them out, in case adverse rulings to the voting of women are received after the primary.

WE ARE EASY

We were made very, very happy just now by receiving a twelve inch ad from a concern that is out to raise several million dollars. We were asked to run the ad "free" in order to help put over the big collection. In order to prove that we had played square and given the twelve inches of space free gratis, for nothing, as the grammarians would say, four cents in stamps was enclosed with the pompous request that we forward a copy of the paper containing the ad. Of course the big concern wasn't questioning our faith—not by any means. But it was much more business-like to require a copy of the paper to show that we had actually fallen for the little space graft.

Some uninformed people might think that it is cheap to send four cents to pay for a five penny paper in order to prove that the paper had given away several dollars worth of its stock in trade. But it didn't strike us just that way. Instead of being cheap it was really good business. No doubt there are hundreds of papers in the country that will fall for the little game of the big concern and it is good business to keep a list of the papers thus falling. The big concern in this manner is able to get a line on the free papers of the country and will know exactly where to strike when it starts its next big collection. It can send its advertising direct to such papers as will run it free and avoid bothering with such papers as have formed the censurable habit of charging cash for what they have to sell.

We are informed that the big concern is out to raise something more than a billion dollars. It will take a lot of hard work to raise that much money. Every little bit helps, and the space graft will help wonderfully as the big concern progresses on its way. We do not wonder that the old confidence game is being tried on the press. We do wonder how many farmers have been asked to send in a few bushels of corn and send along with the corn an affidavit proving that the corn was sent. It's a great game and very business like.

Of course it has already been done, but we often wonder why it was done. Just why the "fathers" gave our school districts numbers like convicts instead of names like human beings is something that we do not understand. The inconvenience of carrying a brand instead of a name is considerable. For instance, we were asked the other day to name the school in Pontotoc County that carried off certain honors at the county meet. We found the district recorded by number only, and were, therefore, unable to inform our questioner whether it was Francis or Fitzhugh or Canyon Springs. We couldn't tell whether the district was in the North end of the county or the South end or in the exact center. Everyone knows where Maxwell and Owl Creek and Union Valley are, but how many citizens of the county can tell off hand where districts 23 and 39 and 41 are? Of course this thing was done in the diamond morning of long ago, but why the Sam Hill was it done?

A lot of mighty good people refuse to get excited over the fight between Oklahoma and Texas for possession of the oil bearing bed of Red River. They consider it a battle between two bunches of oil men. But they overlook the very important fact that Oklahoma is at present losing the three per cent gross production tax on all the oil produced in the disputed territory. This state stands to lose or win many thousands of dollars in the final settlement of the controversy.

The Tulsa World declares that Hiram Johnson's recent assertion that he will not bolt the Chicago Convention proves that the California senator is a statesman and gentleman. But does the World wish for us to infer that when Hell-roarin Hiram bolted the convention in 1912 he was neither a statesman nor a gentleman?

You can't please some people. For instance they used to cuss the labor organizations because they followed their leaders and now they cuss them because they won't follow them. No, you can't please some people.

Milwaukee has just elected her Socialist mayor for the third time. He probably endorsed badger fighting, which is said to make mayors mighty popular in some cities of the country.

The man who believes that booze will eventually come back to America may be an optimist, but the chances are he is just a plain durned fool.

President J. M. Gordon Talks Interestingly of Inter - Church Work

Dr. J. M. Gordon, president of the East Central Normal, who was chosen county chairman of the Inter Church Movement drive, but because of over work had to decline to serve was called upon by a News reporter this morning for an expression regarding the work and he furnished the News with the following statement:

"On last Tuesday evening at a meeting held at the Methodist church of some people interested in the Inter-church World Movement it was mentioned that I would be the campaign director for Pontotoc county. I had tentatively agreed to this, but after looking further into the matter and finding that seemingly so much time would be required for the work that I would be unable to do it, I wired headquarters at Oklahoma City last Thursday that I would be unable to direct the campaign. In view of this fact and of my interest in the Inter-church world movement I wish simply to quote from the Inter-church Bulletin of March 6th a few paragraphs with reference to the aim of the Movement. This is not to be regarded as a reply to any discussion that has been had in opposition to the Movement, but simply a starter of the publicity that will be given from time to time. The quotation follows:

Team Work Real Aim.

"Inter-church World Movement of North America is a movement of the churches, by the churches, for the churches. It consists of the church; it is governed and controlled by them; it is designed to promote their work.

"It is an evangelistic movement, first, last and all the time, for its object is to enable the Protestant churches of the United States to contribute their due share toward the evangelization of the world.

"The means by which this object may best be attained are expressed in the one word CO-OPERATION.

"This word expresses the exact limitations of the Inter-church World Movement. It cannot, under its constitution, have anything to do with any movement designed to promote organic union among the churches.

"Every denomination that joins the Inter-church Movement retains absolute autonomy and exercises absolute control over its own denominational policy. All of the participating denominations acting together through their representatives of the Inter-church Movement.

"The Movement, in fact, represents an alliance of churches which have come together because they can do more effectively in common a great many things that all of them have been in the habit of doing separately.

Tasks For Participation.

"The function of the Inter-church World Movement is to provide the machinery for this co-operation.

"The common tasks in which the churches participating in the Inter-church World Movement plan to co-operate include the following: the missionary undertakings of the churches at home and abroad; assistance to local churches; promotion of the spiritual ideals of stewardship, life service and the power of prayer and such other church activities as education, the adequate support of the ministry and the provision and maintenance of hospitals and homes.

"Co-operation in such undertakings as these is a plain matter of efficiency. There are thirty-one denominations participating in the Inter-church World Movement. It is obvious that a single comprehensive program, embracing the collective wisdom of all of these denominations, is going to get more efficient results at less expense than thirty-one different programs, each framed entirely independently of all the rest."

Thank You.

In behalf of the Track and Field Meet, I wish to thank the ward schools of Ada for the interest they took in making the Meet a success. Also, I wish to express my thanks and appreciation to the mothers and the Ladies Auxiliary of the Chamber of Commerce in furnishing homes for all out of town boys and girls who attended the Meet. By your liberality we had many homes that we did not need but we thank you just the same.

A. FLOYD, Superintendent.

LABOR SHORTAGE THREATENS FARM CROPS OF COUNTY

Farmers are leaving the farms in Pontotoc county and are going to the cities because they cannot get help, according to reports prevalent here and particularly to the statements of the farmers themselves. Even men who are owners of their farms are finding it difficult to keep labor of any kind, and some of them are having to rent their farms or let them stand idle.

One man who lived in Ada until a couple of years ago bought a fertile farm in Garvin county. He was gradually getting part of the land in alfalfa and was starting a stock farm. The time came this spring when he could get no help at all, and he could not do all the work himself. There was only one thing to do and that was to rent the farm and move to town. As soon as he found a farmer with a family large enough to handle the place, he rented it and he now lives in Ada again. There are other cases similar to this.

Another man has lived on the farm all his life and is now in middle age. His children are grown and he cannot get help to keep the farm going. He had to come to town. The farm was rented. There are some farms which may not be cultivated at all, and it is certain the farms will not be cultivated as well as they have been in the past.

Farmers are taking every step possible to get around the labor shortage. Many are planning to plant less cotton and corn and put out more grasses and such crops as require less labor.

Claude Logsdon Is Lieut. Commander In The Insurance Game

Claud Logsdon's smile—that one he has had for the last several days and which extends from ear to ear—is due to a letter from the Merchants Life Insurance Company, of which he is the local agent, stating that he stands in seventh place among all the agents of the nation for the month of March in the amount of business written.

The big writers are known as Lieutenant Commanders and Mr. Logsdon has acquired that title for the enormous business written for his company. The letter from the company congratulates him in the most glowing terms, and Mr. Logsdon says that instead of the little honor button which now adorns the lapel of his vest he will soon be wearing a medal that will make us all turn green with envy. Logsdon is a hard worker and just deserves his honor.

Don't fail to attend the Chi-Namel demonstration at Rollow's, Monday, Tuesday and Wednesday. 4-10-3tdl

Pay Cash—Pay Less

60,000,000 ACRES OF FERTILE LAND IS HELD BY INDIANS

Economically the American Indians are fully as well off as the white race, taken as a whole, and the per capita wealth of some of the tribes is much more than that of the average white man. Tho they have lost a continent they still have plenty of room.

The conquering race has reserved to them some 60,000,000 acres of land, which if brought together would make a region more than twice as large as the state of New York. It is very conservative to say that this land is worth \$363,000,000. Moreover, there is standing on it timber worth at least \$71,000,000, and the annual income from the forests is about \$2,000,000. Altogether the Indians are 'rated' at about \$700,000,000. One way and another they enjoy an annual income of \$54,000,000, as compared with little more than \$3,000,000 in 1890.

Besides the timber item just mentioned, they raise about \$11,000,000 worth of crops, sell about \$4,000,000 worth of livestock annually without depleting their flocks and herds, gather in about \$5,000,000 a year from brother white men as landlords, sell about 4,000,000 worth of land a year, received about \$1,700,000 a year as interest on trust funds, \$700,000 on treaty accounts, and, in the last fiscal year, about \$20,000,000 more from Indian money, mineral royalties and hard work, the later item alone amounting to about \$4,000,000.

Of course, some of the tribes are much wealthier than others. Some of them are among earth's most fortunate dwellers and others are very poor indeed—some literally having no place to lay their heads. The Osage tribe, for instance, realized a bonus the last fiscal year of more than \$10,000,000 on oil and gas leases, with a royalty besides of 16 2-3 per cent on all the oil and gas that may be produced therefrom. On the other hand, the Indians of the Bishop, California, agency, realized only \$48,000 all told in the whole year for more than 1,500 persons.

More than 56,000 adult Indians are now self supporting and less than 5,000 able bodied adults receive rations with or without labor equivalent. In fact, the Indians as a class are now so prosperous that they were able to invest about \$25,000,000 in Liberty Loan Bonds, or approximately \$75 per capita showing of many of the states, besides investing about \$1,000,000 in War Savings Stamps. Jackson Barnett, a Creek, put 1,036,750 into Liberty bonds; Jeanetta Richards, a Creek woman, invested \$414,250. Other Creeks invested as follows: Susan Bacon, \$357,000; Mollie Davis \$330,000; Sandy Fox, \$325,000, and the Maley Fier estate, \$313,000.

"THIEVES" COMING TO THE AMERICAN THEATRE

A William Fox photoplay with the graphic title of "Thieves" is coming to the American Theatre on Wednesday. The star is Gladys Brockwell, that clever actress who has made fame in emotional roles of the sort described in this story—a girl thief who is redeemed and regenerated through love and friendship. Advance reports indicate a strong love theme, an excellent support of well-known Fox players and clever character portrayal. It is said that

Miss Brockwell does some of her best work in this picture—especially her terrible struggle with the boss crook in which she proves how love and a desire to go straight have redeemed her.

: Pavement Pickups :

E. V. Estill left today for a business trip to Allen.

Mrs. Cora McKeel left this morning for a visit at Fort Worth, Texas.

Mrs. L. A. Maxey and baby returned today from a visit to Shawnee.

Milton Garner returned this morning from several days visit at Ardmore.

Attorney A. C. Chaney returned this morning from a professional trip to Antlers.

Mr. and Mrs. W. T. Anderson left this morning for a two weeks visit at Muskogee.

Tom King and his little son, Tom Junior, left this afternoon for a visit at Durant.

Misses Jessie and Mamie Rogers left this afternoon for a few days visit at Paris Texas.

Mrs. A. B. Thompson and Mrs. an extended visit to points in Kansas.

Prof. R. G. Sears returned this morning from Billings, Oklahoma, where he was called to preach a funeral.

Walter Ferguson of Holdenville, a leading citizen of Hughes County, was in Ada today looking after matters of business.

B. C. King, C. E. B. Cutler and Gale Statler went to Coalgate today to attend district court which opens there tomorrow.

I. M. King and H. F. Mathis are in Oklahoma City today orally arguing some Indian will case in the state supreme court.

There will be a social meeting of the Woodmen of the World tonight. All members and visiting sovereigns are cordially invited to attend.

Mrs. W. G. Wagley and two children, of Kansas City, are visiting this week in the home of Mrs. J. A. Riddling, of this city. They will probably locate in Ada.

Misses Achsah Gamble and Helen Wann of the Normal faculty returned last night from Norman, where they had spent the week-end with friends at the university.

Mrs. J. E. Russell and children Mrs. E. C. Peay and children and Mrs. G. C. Overturn left this afternoon for a few days visit at Sulphur. J. E. Russell went with them as far as Mill Creek.

Mrs. W. Z. Spearman of Edmond, Okla., Mrs. Will Higdon of Atoka, and Mrs. R. C. Montgomery of Whitewright, Texas, who have been visiting Mr. and Mrs. Hugh Morris left today for their several homes.

Mrs. W. U. Goodwin and Mrs. M. F. Bayless and Mrs. L. H. Braly all of Stratford, were in the city this morning on their way to attend the grand chapter of the Eastern Star at McAlester.

Wm. Gilbert, proprietor of the Ada Foundry, states that they are now in the act of doubling the size and capacity of their plant to take care of the business which continues to come their way in ever increasing volume.

Funeral services over the remains of Mrs. J. D. Gaar, who died suddenly at her home west of town Saturday night, were held at the Second Baptist church yesterday afternoon. Rev. Stringer was in charge. Interment was in Rosedale.

The strike of the railroad switchmen was noticed yesterday in the increased price of the necessities of life. One prominent market man says the price of pork was raised three cents per pound. The price of feed went up in Chicago says Mr. Zorn. The price of sugar advanced one cent a pound and other necessities made similar advance.

The work of laying the water main in the city was commenced yesterday. Mr. Penix, superintendent for the Terry engineering company, says they found no difficulty in getting men. They pay 50c an hour, work eight hours a day and are using 40 men at the present time. Penix said they turned away 10 men who wanted to work. Three blocks of the pipe was laid the first day.

Mrs. Owen Faunt Le Roy returned home last evening over the the Katy from Dallas where she has been in the Baptist Hospital for three weeks as a result of an operation. She was accompanied home by her mother, Mrs. Henry Landers and a cousin, Mrs. Harry Krugel. Mrs. Faunt Le Roy is much improved in health and expects complete recovery at an early date.

Frank Arnett on yesterday sold his barber shop on North Broadway to R. D. Williams and R. L. Palmer. Mr. Williams was former proprietor of the establishment. Mr. Palmer has been working there for several years. Mr. Arnett will continue to work in the shop. These boys are all good barbers and have hundreds of friends who wish them well.

Harvey Luther's Store Looted Last Night and Flour and Meal Taken

The grocery store of Harvey Luther, located at 120 East Main was entered by robbers sometime last night and Mr. Harvey estimates that eight or ten fifty pound sacks of flour, four or five sacks of meal and possibly some feed were taken.

The robbers gained entrance to the building from the rear by tearing the sheet iron off the back of the building just below one of the windows. It seems that the interior wall of the building just under the window was out the width of the window and about eighteen inches in depth. This was only protected by the sheet iron on the outside, and it is certain that the robbery was committed by some one who had at some time been inside the building and discovered this defect in the structure.

The theft was not discovered until early this morning when the clerks opened the store and went to the wareroom at the rear to sweep out the building. The brand of flour taken was Climax and the meal was Shapenee Chief.

While there were several night policemen working last night it seems that none of them knew anything of the robbery, and up to the time of going to press no clue had been found.

Stonewall Professor On Trial Today for Whipping Small Boy

Superintendent Seroggs of the Stonewall school was to be tried in justice court at Stonewall this afternoon, according to reports reaching Ada. He is charged with whipping the twelve year old boy of D. C. Crabtree, one of the leading citizens of Stonewall. County Attorney Wadlington went down to Stonewall to represent the prosecution.

FLOYD ANNOUNCES FOR RE-ELECTION

In this issue of the News appears the announcement of A. Floyd as a candidate for re-election as County Superintendent, subject to the action of the Democratic primary.

Mr. Floyd is too well known to the people of Pontotoc County to require any introduction at this time. His work as a teacher in the county schools and as county superintendent has brought him into contact with the people of the county to that extent that he is now known in nearly every home of the county. During his administration the county schools have been improved till they now rank among the very best in the state.

Mr. Floyd has devoted his entire time to the schools of the county from the first day he entered his office of county superintendent. He has literally lived for the upbuilding of the schools in the rural districts and has a part of his reward in the remarkable advancement they have made under his efficient supervision. The county is fortunate in having such a man to head its schools. The Evening News asks its readers to carefully consider the candidacy of Mr. Floyd.

NORMAL STUDENTS TO CANVASS TOWN FOR ROOMS

Thursday afternoon of this week, a committee of some fifty students of the Normal school will canvass the city of Ada for rooming and boarding houses for students of the summer school. The committee will be headed by Professors Robinson, Pratt and Norris and will endeavor to make a very careful canvass. Housewives, particularly those who will open their homes to students, are asked to remain at home Thursday afternoon and assist the committee in getting full and complete data.

E. C. Alumni to Meet

The Alumni of East Central State Normal school who live in Ada will meet at the Normal school in the office of the registrar, Wednesday, April 14, at four o'clock, p. m. for the purpose of perfecting a permanent organization of the local alumni. Every graduate is cordially invited to be present.

The "Matter With" America

From the Fargo Forum.

What's the matter with America these days?

Too many diamonds and not enough alarm clocks.

Too many silk shirts and not enough blue flannel ones.

Too many pointed-toe shoes and not enough square-toe ones.

Too many serge suits and not enough overalls.

Too much décolleté and not enough aprons.

Too many satin upholstered limousines and not enough cows.

Too many consumers and not enough producers.

Too much oil' stock and not enough savings accounts.

Too much envy of the results of hard work and too little desire to imitate it.

Too much desiring short cuts to wealth and too few willing to pay the price.

Too much of the spirit of "get while the getting is good" and not enough old-fashioned Christianity.

Too much discontent that vents itself in mere complaining and too little real effort to remedy conditions.

Too much class consciousness and too little common democracy and love of humanity.

What is Amber?

Amber was originally generated from a species of pine and fir trees.

As the gum oozed out of the trees, it flowed down the roots, where it lay in large deposits. A forest undisturbed for centuries would produce extensive fields of this gum.

The Lions Club of Ada met in regular bi-monthly luncheon and business meeting at the Harris Hotel at 11:30 this morning, and had as its guests a half dozen or more members of the Chamber of Commerce of Allen and leading business men of that progressive little city.

After the luncheon the members of the club and their guests repaired to the parlors of the hotel where the business session was held. The secretary, at the request of President Wimbish, omitted reading of the minutes of the previous meeting but read the regular batch of correspondence to the club. Among the letters read was one from Prof. Femtem, principal of the High School, thanking the Lions Club for the manner in which it helped to entertain ex-President Taft when he was in the city on the 5th inst.

The secretary announced the acceptance by the club of the following new members since the last regular meeting: M. C. Wilson, Sam Schienberg, Walter N. Wray, H. F. Mathis, H. P. Sugg, Jos. I. Davis, Harmon Ebey and Bart Smith.

The secretary announced that the Boy Scout committee had employed an engineer to make a topographical map of Glenwood Park at the minimum cost of about \$37.50, after which the Benham Engineering Co. would complete the plans for the improvement of the park, free of charge, according to the promise made the club by Mr. Benham when he was awarded the contract for the supervision of the various city improvements now under construction.

After these plans are all completed the Lions Club will launch the drive to raise funds for the Boy Scout movement as per plans perfected by the club several months ago.

W. J. Delaney denominated as the chief spokesman for the Allen men, was then called upon and expressed the appreciation of the crowd for the courtesy of the invitation of the club to their luncheon and meeting, and spoke quite at length regarding the resources of the city of Allen and the possibilities of the town for the future.

Mr. Delaney stated that there were already 160 producing oil wells in the Allen field, and that the total production of the field was already about twelve hundred barrels a day. He stated that when oil was first found there it only brought 30c a barrel, but that the world had found out what the Allen oil really was and that it was selling at the present time at \$3.00 per barrel, making a total income of the field of about \$3,600.

H. F. Boyer, representative of the Title Oil Co., of Tulsa who is now located at Allen, stated that his company has consigned casing and material to Allen to care for the drilling of sixty new wells, all of which are to be completed during the summer. It is estimated that, if the percentage holds good, the sixty new wells contemplated by this company alone will raise the total daily production to 2,000 barrels daily in the Allen field.

Mr. Delaney stated that Allen bought 4,100 bales of cotton this season, had approximately \$25,000 worth of building projects in course of construction and was gaining in population more rapidly than ever before in its history. He said that the census would show that the town now had two thousand people and that they expected to double the figure within the next two years, and maybe earlier.

It was also learned from the speaker that Allen has a Chamber of Commerce with a total membership of 167, and that it was the desire of the town and the Chamber of Commerce to co-operate with Ada in every possible way.

The real object of the "get together" was for the purpose of having both Ada and Allen co-operate in the matter of at once doing all in their power to secure the building of a hard surfaced road between the two towns in order that they might be brought closer together and maintain the co-operation.

Ladies, let the lady demonstrator show you how to paint up with Chi-Namel, at Rollow's April 12, 13, and 14.

FOR SALE—6 room plastered and a two room frame house. 125 foot front, cow barn and chicken yard, with each place. Water lights and gas. Several young fruit trees. You had better look at this for \$3,500. J. A. Lewis, over Stanfield's Grocery. 4-12-3t

FOR SALE.

No. 2.—150 acres of fine up land 8 miles west of Ada, on highway, good improvements and plenty of fine water, 70 acres in cultivation. Price, well worth the money at, \$7500.00

No. 3.—160 acres near Maxwell on good road, extra improvements which are valued at \$3500, 100 acres in cultivation, some timber and on R.F.D. Route. Drilling contract is let for a well in less than ¼ mile of this place. Price \$7500.

No. 7.—280 acres of fine land near Center, 150 acres in cultivation, 10 acres fine native meadow, also worlds of water and wood, 40 acres of fine alfalfa bottom. Three sets of improvements, all fenced and cross fenced. A real bargain at \$45.00 an acre.

NO 5.—20 acres of fine land just ½ mile of City Limits, 5 room plastered house worth \$4000. This is one of the best bargains near

tion and good fellowship that has existed between the two cities ever since their establishment.

As a consequence, Judge Orel Busby introduced a resolution committing the Lions Club to the proposition of promulgating the enterprise by petitioning the county commissioners to use the state convicts and all other available resources on the construction of this hard surfaced road just as soon as they have completed the road northwest which they are now working on, namely, the road to Egypt.

Several of the more enthusiastic visitors and members spoke to the question and when the vote was cast the resolution passed unanimously.

The meeting today was the best attended and the most enthusiastic one the Lions of Ada have ever experienced, and it is believed by all present that much good was accomplished.

The gentlemen from Allen who were guests of the Lions Club today are as follows: O. F. Johnston, Frank P. Smith, W. A. Delaney, Jr., D. A. McIntyre, Hugh A. Stokes, Carl Weldon, Edgar Hutchinson, H. F. Boyer, W. M. Pegg and F. A. Jones.

Coming District Meet Promises Great Time To Athletes, Students

The district field, track and literary meet to be held in Ada Friday and Saturday of this week promises to be the greatest event of its kind ever held here. Professor E. C. Wilson of the Normal, who has charge of the meet says that more schools are entered, more events are booked and those entering are better prepared than previously and the keenest competition is looked for.

Among the contests will be readings, piano, chorus work, girls basketball, boys basketball, girls and boys tennis, grammar school contests, high school contests, and track contests of all kinds.

Among those to take part in the baseball contest are Ada, high school, Pauls Valley, Wetumka, Holdenville, Calvin, Wewoka and Shawnee. All these towns have strong teams and this contest will probably be one of the most exciting of the whole meet.

In the tennis games several towns will take part. The winner in the singles contest is to be here again as well as winners in doubles. In girls basketball the greatest interest is centered on the game between Wewoka and Sulphur. Sulphur girls were state winners last year and Wewoka copped the prize this year so an exciting time between these teams is anticipated.

The best individual athlete in the field events last year was Washington of Roff, with Bench of Okmulgee running him a close second. Both of these men are entered again and the public will watch their work with much interest. Among the track teams is the one from Wewoka. This team has been trained by Coach W. W. Isle, who has the name of being one of the best trainers anywhere and it is expected his pupils will make those who win from them do wonderful work.

It is not known just how many towns and counties will take part in the literary events but Mr. Wilson says they expect it least six competitors in the chorus contest. Ada and Pontotoc county expect to take off honors in all events.

PLEATS AND MORE PLEATS ARE FAD FOR THIS SPRING

By Eloise.

You must wear your new frocks pleated if you would be fashionable this year. Skirts, blouses, collars and cuffs, in fact almost everything features pleats. Perhaps plaid skirts are the first on the list for they are invariably pleated. Some are box pleated, some are accordion pleated and some are made with inverted box pleats. Suit skirts in navy blue worn with eon jackets and frock skirts are next on the pleated list. Here is a spring model whose main feature of distinction is its accordion pleated skirt. It is fashioned of serge and makes a practical frock, for spring, fall or between seasons' wear. The bodice patterned somewhat after the basque blouses and is embroidered all over in silk floss with elaborate designs. The V-neck and short sleeves are finished with pretty collar and cuffs of dainty white organdie and lace. Such a frock may be worn upon many informal occasions and is suitable for wear with or without a wrap.

Special Train to Carry Shriners To Big Portland Meet

By News' Special Service
OKLAHOMA CITY, April 13.—Probably the finest special train that ever left Oklahoma will be that of Oklahoma City India Temple Shrine at 7 o'clock the night of June 13 to attend the imperial session to be held at Portland, Ore., June 22, 23 and 24. More than 150 persons are expected to go on the train.

The Santa Fe has been selected, and the train will consist of twelve

or thirteen cars, having in addition to baggage, diner, club car and one car known as the tango car for music and dancing.

India Temple will complete arrangements whereby Oklahoma will be made known at every stop and at Portland. Being conducted by the Shrine, only Shriners and members of their families will be entitled on the train. A committee will offer prizes for songs to tell about Oklahoma and India Temple, and these songs will be used throughout the trip. The train will be appropriately decorated and bulletins will be issued each day. A correspondent here will wire the important news each day from Oklahoma City.

Entertainments in the various cities will be given in honor of the visitors, and the band and patrol of India Temple are scheduled to take part in these entertainments. All members of the party will be furnished with an attractive badge giving the name of the party, and stating "I am from India Temple of Oklahoma."

The schedule is arranged to spend an entire day at the Grand Canyon, and two days' trip through the Yosemite park of California. The members will also be entertained at San Francisco, visiting convention hall prior to the national democratic convention.

Pullman reservations from the members at this time have practically taken all the number that were expected to make the trip, but additional Pullmans will be obtained to take care of the capacity for a full train. J. A. Mathews, chairman of the transportation committee is now preparing detailed information as to the rates and schedule which will be mailed to the membership in booklet form. The itinerary has been arranged to let members of the party board the train at Guthrie, Enid, Cherokee, Kiowa, Alva, Waynoka, Shattuck, and Woodward.

The tentative itinerary is as follows: Leave Oklahoma City 7 p. m., June 13; arrive at Amarillo, Texas, 7 a. m., June 14; arrive at Grand Canyon 8 a. m., June 15; arrive at Needles, Cal., 6:40 a. m., June 16; arrive at El Portal, Cal., 6:30 a. m., June 17; leave El Portal, 9 a. m., June 18; arrive at San Francisco, 8 a. m., June 19; arrive at Portland, 7 a. m., June 21.

SHE'LL BE FIRST SPRING BRIDE AT NATIONAL CAPITAL

Miss Frances Carpenter.

Miss Frances Carpenter, daughter of Frank G. Carpenter, noted journalist and author, and Mrs. Carpenter, was the first Washington society girl to wed this spring. She was married to William Chapin Huntington April 6. He was attached to the American embassy in Russia during the revolution early in the war and last winter was commercial attache in the department of commerce. Miss Carpenter has been her father's secretary.

Bartlesville Examiner: Mrs. Barnett gets to live in Jackson's old cabin and live the sort of life Jackson lived before his marriage. She will earn every cent she gets if Jackson lives as long as she fears he will.

Indian Lands To Be Sold At Auction in the Month of April

Over 250 tracts of land scattered over the old Indian Territory will be offered to the public at auction between April 19 and 27. It will be the first sale of 1920 and inquiries now coming at the Indian office indicate that it will be one of the most successful ever held.

Farmers from adjoining states and others interested in Oklahoma land are writing to the Indian office daily about the sale. Judging from the number of inquiries, practically all of the tracts will be disposed of, it is expected.

The first sale is at Claremore, where lands in Rogers, Craig and Nowata counties will be up for sale. Following are other dates announced by Superintendent Gabe Parker: Tulsa, April 20; Muskogee, April 21; McAlester, April 22; Holdenville, April 23; Chickasha, April 24;

Ardmore, April 26; Hugo, April 27; Sallisaw, April 28.

The tracts range in size from 10 to 1,200 acre. Appraisements vary from \$2 to \$100 an acre. Many

tracts, it is claimed, have prospective value for oil and gas production. Many of the tracts have been cleared for farm use. Timber is on much of the property.

FOR QUICK RELIEF FROM CHILLS, AGUE, MALARIA, ETC.**YOUR DEALER WILL ALWAYS RECOMMEND SWAMP CHILL AND FEVER TONIC.**

One dealer says, "I handle all the standard chill tonics on the market, but sell ten bottles of Swamp Chill and Fever Tonic to one of any other kind. After a customer has once used it he or she will use no other kind."

Numerous other dealers find it the same. And thousands of sufferers from malaria and similar ailments swear by this famous old remedy. They keep it in the house all the time.

Swamp Chill Tonic brings safe, certain and permanent relief. It generally breaks up malaria chills in three days. It contains no calomel, and is pleasant to take. No purgative has to be taken with it, as the tonic itself acts gently and agreeably upon the liver and bowels—a big advantage over other chill tonics.

Swamp Chill Tonic is prescribed by numerous leading physicians. They know that its ingredients form the best remedy there is for malaria and ague. And it's just as good for colds and grippe, too.

Price 60 cents at all dealers. Get a bottle today.—Adv.

Air Ambulances.

There has been much talk about adopting airplanes to ambulance uses. A recent number of Je Sais tout the Paris magazine, states that such a method of conveying the sick to hospital has been in practice for some time in Morocco.

Tell It to the Bees.

"Telling the bees" is an old English custom. On the death of a member of the family, the bees were told at once, and their hives draped with mourning. It was believed that if this were not done, the bees would leave their hives and seek a new home.

The Third Estate.

Schreeham—"He was a wise poet who remarked that in this world a man must be either anvil or hammer."

Peachment—"Oh, I don't know! It seems that most of them are merely bellows."—Edinburgh Scotsman.

The State Press

Tulsa World: In shifting gears on the weather wagon, a Kansas paper thinks the driver throws the clutch into reverse too much.

Frederick Leader: Speaking of raising crops for home consumption, why doesn't some fellow start a boom for snuff culture in Oklahoma?

Bartlesville Examiner: The Oklahoman wants to know whether Bryan is for Owen strong enough not to ditch him when he can win a point by so doing.

Tulsa World: Nobody's afraid of the oil investigation. Let it come. If there is anything to be discovered then it ought to be discovered. And if there isn't then nobody's hurt. Bring on your investigation.

Frederick Leader: It may have been the reputation of the rangers or it may have been the contents of some Texas paper, "breathing out threatenings and slaughter," which made Mr. Dickinson sick at the stomach, and caused a vacancy in the Red river receivership.

Shawnee News. On the hypothesis that if a man spends money on himself to be elected he will be his own man, Arthur Brisbane makes the point that if the other fellow's money is used to elect him he will be the other fellow's man. Can it be that Brisbane is talking for Lowden?

Do You Know

The reason why your clothes should be pressed often? It is because hot, dry steam is as necessary to your garments as is oil to a motor.

When we press your garment, dry steam is forced upon the fabric of the garment, driving out the dust and raising the nap. This process freshens up the material and imparts a fresh, clean appearance which is most desirable.

CITIZENS RAISE \$25,000 TO HELP DURANT SCHOOL

DURANT, April 12.—In the characteristic Durant way, a badly needed \$25,000 was raised among the people of the city to insure the erection of the new \$100,000 building for the Oklahoma Presbyterian College for Girls, all the pledges being secured in one day by several committees of solicitors representing the commercial association and the Rotary and Lions clubs of the city.

The school must have the new building to enable it to take care of its rapidly growing need for quarters, or else begin the inevitable backward movement. The Presby-

terians outside of Durant had already put up \$75,000 of the needed \$100,000, and it was a case with Durant of giving one dollar to get three more.

The organization work was done the past few weeks; a banquet was served to the members of the working committees at the college dining room on Tuesday night, at which an interesting program was carried out, and on Wednesday the committees, working in teams of three, worked over the town with a fine tooth comb, and the money was subscribed.

New Chemical Kills Bed Bugs P. D. Q.

P. D. Q. (Pesky Devils Quietus) is the name of a new golden colored chemical discovered by Dr. Price that actually rids the worst infested house of bedbugs, roaches, fleas, ants and their eggs. They don't have time to kick after you go after them with P. D. Q. A 35c package of P. D. Q. makes a quart of strong bug killed and goes farther than a barrel of the old fashioned dangerous dope. P. D. Q. coats and kills their eggs and prevents hatching. FREE a patent spout in every box to enable you to get them in the hard-to-get places, and saves juice.

P. D. Q. for family use 35c Special Hospital and Hotel size \$2.50 makes 5 gallons, contains 3 spouts—your druggist can supply you, or sent prepaid to your address either size on receipt of price by the Owl Chemical Co., Terre Haute, Ind. P. D. Q. is never peddled. Sold by Gwin & Mays Drug Co. (Adv.)

Notice to Contractors

Sealed bids will be received for the erection of a brick school house at Oakman, District 12, Pontotoc County, up to 12 o'clock noon, April 19. Plans and specifications can be seen at the office of the county superintendent of schools, A. Floyd, in the county court house after Thursday, April 8.

The board reserves the right to reject any or all bids.

Police Court Made High Bidding Mark During Yesterday

Ophelia Watson was before his honor the mayor in police court yesterday on another charge. This time the fair Ophelia was accused of the rather unusual offense of having in her possession one gallon of good corn whiskey. According to the law in such cases made and provided Ophelia was assessed \$25 in the coin of the realm.

Seven good male citizens of Ada were before the mayor yesterday afternoon on a variety of charges arising from a game of chance staged somewhere within the bourne of Dardtown at a time immediately recent. Some of the participants in the festivities were colored and some of them were otherwise. Some were charged with gaming, one with loitering, and one with attempting to give due notice of the approach of the laws. The participants were given from \$10.75 to \$14.75, according to their race, color and previous condition of

servitude—the negroes getting the lighter fines.

Immediately after the rendering of judgement the seven good men and true, by their attorney, Tal Crowford, gave notice of appeal and did then and there appeal to the county court. The proper bonds were written out, signed and approved, and seven more cases appeared on the docket of the county judge.

Woodmen and Circle To Entertain at the Hall This Evening

Members of the W. O. W. and Woodmen Circle of Ada and surrounding country have a reception planned for this evening at the local lodge room and are expecting an unusually fine entertainment. Plans have been perfected for some time and the two organizations expect the evening to be the most enjoyable of the season. A fine program has been arranged, the climax which will be the serving of refreshments. A record breaking crowd is expected to attend the entertainment.

The New Terror.

Father: Aren't you going to wear the nice red tie your Aunt gave you for Christmas?

Bobby: No.

Father: Whatever will she think of you.

Bobby: Well, if you must know, I'm not going to have all the boys calling me "Bolsky" for the sake of any woman.

EMIR FEISAL SUCCEEDS POET D'ANNUNZIO AS THE ALLIES' GREATEST TROUBLEMAKER

Emir Feisal (tall figure in center) inspecting his troops.

Emir Feisal, son of the king of the Hedjaz, is now called the allies' greatest troublemaker, outdoing Gabrielle d'Annunzio, conqueror of Fiume as the worst thorn in the allies' side. He was recently chosen king of Syria and announced the complete independence of his people. He is interfering with the allies' plans in Asia Minor, repudiating understandings reached between the big powers and other representatives interested in the Turkish situation.

THE BALL SEASON OPENS TOMORROW

MAJOR LEAGUE TEAMS OF NATION OPEN PENNANT SEASON TOMORROW UNDER FAVORABLE AUSPICES

By the Associated Press

NEW YORK, April 13.—Major league baseball teams swing into action tomorrow with the formal opening of the 1920 season. Based upon the form exhibited in the spring training on southern diamonds, the sixteen clubs of the National and American leagues appear to be in excellent physical condition and baseball prophets forecast close races for the prospective league flags as well as exceptional attendance and financial receipts due to the unusual interest in the game this year.

Eastern and western city clubs share equally in the allotment of opening dates. In the National League Boston plays at New York while Philadelphia will make its initial appearance at Brooklyn. The Western division teams of the senior organization clash with Chicago at Cincinnati and Pittsburgh at St. Louis. The American League schedule calls for New York to open at Philadelphia; Washington at Boston; Detroit at Chicago and St. Louis at Cleveland. The initial return contests are set for April 22 when the order of the schedule will be reversed.

The games to be played in the National League tomorrow will inaugurate the 45th consecutive season for the senior major league for the organization dates back to 1876 when the Chicago club won the first pennant. The teams of that city still hold the lead for since 1876 Chicago clubs have captured eleven championships. Boston comes second with nine and New York third with eight. The American League will celebrate its 21st annual opening, having started its major career in the spring of 1900. Since that date the pennants have been distributed among four clubs, Philadelphia and Boston each having won six; Chicago five and Detroit three. The schedule of opening games, lists of past pennant winning clubs, 1920 team managers and the standing of the teams at the close of 1919 season, follows:

Where Clubs Begin 1920 Pennant Races:

National League
Opening Games, Wednesday, April 14:—Boston at New York, Philadelphia at Brooklyn, Chicago at Cincinnati, Pittsburgh at St. Louis.

Return Opening Games, Thursday, April 22:—New York at Boston, Brooklyn at Philadelphia, Cincinnati at Chicago, St. Louis at Pittsburgh.

American League
Opening Games, Wednesday, April 14:—New York at Philadelphia, Washington at Boston, Detroit at Chicago, St. Louis at Cleveland.

Return Opening Games, Thursday, April 22:—Philadelphia at New York, Boston at Washington, Chicago at Detroit, Cleveland at St. Louis.

To Film the Bible.

Most ambitious of all projects of the motion picture art, is the plan to film the entire Bible. This momentous effort is already in process of organization in a California studio, and it is estimated that it will need two years for its completion. The specifications call for 100 reels of film, certain scenes of which will gather together the greatest assemblages ever shown on a screen.—Popular Mechanics.

NO BREAK IN BUILDING PLANS

Continued From Page One.)

city, but is growing into one of the leading cities in the state. Contractors say they have some difficulty in getting materials but that absolute harmony prevails among the building trades and all are working for the upbuilding of the city and their own welfare.

Capt. Crow Passing Out the Petitions to Refer Suffrage Bill

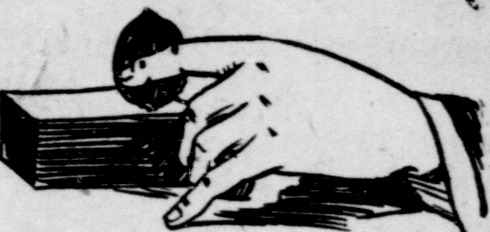

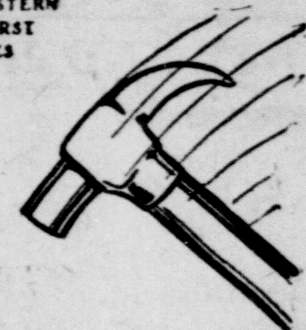

Copies of the petition filed by attorney General Freeling to have the Susan B. Anthony Amendment referred to a vote of the people at the primary election in August have been received by Capt. A. M. Crow of Ada, who will have these petitions circulated immediately. It will require about 11,000 signers to the petitions to have the question submitted to popular vote, and the proponents of the referendum are confident that the required number of signers will be secured without any trouble.

"I have never seen a great public question that was so generally misunderstood as this Susan B. Anthony Amendment," said Capt. Crow to an Evening News reporter this morning. "It is surprising to see the great number of people who honestly believe that this question affects the right of Oklahoma women to vote. Many people think that unless this amendment is ratified, our Oklahoma women cannot vote. There never was a greater mistake. Our women already have the ballot, and nothing but an amendment to our state constitution can take that right away from them. They can vote in every election and for every officer from constable to president. Their right to vote is not involved in the Anthony Amendment, which is only an effort to force suffrage on such states as do not want it and have already voted it down."

"Then there are thousands of people who do not know that the Susan B. Anthony Amendment empowers congress to vitalize the amendment with such legislation as it sees fit. The best legal talent in the country says that under this amendment congress can and will enact a Federal election law that will repeal every state election law and place Federal marshals at every polling place. The Susan B. Anthony Amendment because of this proviso is to my mind one of the most iniquitous and dangerous measures that has ever been proposed. I believe that when the people of Pontotoc County have read this amendment and understand it, they will oppose it almost unanimously. I am confident that we will get the required number of signatures without any delay whatever."

MICHAELS-STEIN
VALUE-FIRST
CLOTHES

Here's a Nut to Crack!

Think it over at lunch hour.

A man had 40 shirts to put away in a chiffonier that contained 9 drawers.

For some reason or other, he didn't want to put an even number of shirts in any one drawer.

Question: How did he do it? Each drawer must contain one or more shirts—BUT NOT AN EVEN NUMBER.

When pencil fails you—try a Burroughs.

When arithmetic falls down—try algebra—and still you don't succeed come in and we'll lend you the shirts.

In our spring shirt display 40 would never be missed.

Magnificent colorings \$2 to \$10
